

*“Boys Hope Girls Hope surrounded me with a community that pushed me to give my best, and be my best.”  
- Ruvarashe, former scholar and collegian*

“Boys Hope Girls Hope changed my life when I joined the program in 6th grade. My parents were missionaries traveling between the United States and Zimbabwe, and wanted me to have a stable living environment and a high-quality education.

In my time at BHGH, I learned to be an advocate for myself and set my own life path. I was not only given a safe home to live in, but the tools to help me grow, and the mentorship to help me succeed. I graduated as the very first Valedictorian from DePaul Cristo Rey in 2015. I went on to continue my education at the University of Cincinnati, and graduated from the Carl H. Lindner College of Business with a degree in Economics in December of 2019. Since then, I am following my dreams to be an entrepreneur and starting my own business.

Thanks to the generosity of compassionate donors like you, Boys Hope Girls Hope can ensure their current scholars academically succeed in a safe home. Our scholars need your help, now more than ever, as they work to continue their studies during COVID-19. Together, we can nurture and guide motivated young people in need to become well-educated, career-ready men and women.”
